Amrit Science Campus
Tribhuwan University
2076-2081

PROFILE

I am a passionate web developer with a passion for coding and a knack for transforming ideas into responsive, dynamic websites. Strong creative and analytical skills. Team player with an eye for detail.

WORK EXPERIENCE

Nipuna Prabhidik Sewa

MAY 2024 - AUG 2024

MERN INTERN

- Cloned the company's Emart project using modern technologies, handling both frontend and backend.
- Developed and integrated RESTful APIs for seamless communication between the frontend and backend, while efficiently managing database operations using Prisma and PostgreSQL.
- Improved skills in TypeScript, gained a solid understanding of how to use Next.js

PERSONAL PROJECTS

TechShop

tech-shopp.netlify.app

- TechShop is a FullStack ecommerce website that I developed during my journey of mastering the MERN stack.
- Realtime OTP verification
- JWT for authentication

Weather App

weatherify-forecast.netlify.app

- Developed using React.js and Tailwind CSS for a modern and responsive user interface.
- Integrates the Open-Meteo API to provide real-time weather information.
- Utilizes the Geoapify API to fetch latitude and longitude coordinates based on user input.

Portfolio Site

nayandeep-shrestha.netlify.app

- Developed entirely using React.js with custom CSS, my portfolio site demonstrates proficiency in frontend development.
- Prioritizing user experience, the site features a responsive design that adapts seamlessly to different screen sizes.
